SOS

A hand-drawn sketch of a mobile application interface on a grid background. At the top, there is a header bar with two elements: a back arrow labeled "< Back" on the left and a label "Date + time" on the right. Below the header, the main content area contains several rounded rectangular boxes. On the left side, there is a small box, followed by a larger box, and then another box with the word "Date" written next to it. On the right side, there is a box at the top, a large irregular box in the middle, and two more boxes at the bottom. At the very bottom of the screen, there is a wide rectangular button labeled "SOS". Above this button is a message input field with the placeholder text "Message" and a circular icon containing an upward arrow on the right side.
